Projects

Zennith – Clinic Management System | Backend Developer *2026*
Live: zennith-health-systems.simbarasheshmilygandi.workers.dev | **Code:** github.com/SimbaZero/Zennith-Github
Tech: *React, TypeScript, TanStack Start, Firebase Authentication, Cloud Firestore, Cloudflare Workers*

- Backend developer in an 8-person team building a clinic system for South African public clinics with 7 user roles.
- Contributed to the role-based Firestore service layer for the patient queue, appointments, records and stock.
- Features TOTP two-factor authentication, SA ID validation, POPIA-aligned privacy controls and stock forecasting.

ESWA Wellbeing Hub – Non-Profit Web Platform | Developer *2026*
Live: eswa-wellbeing.netlify.app | **Code:** github.com/Ndae777/eswa-wellbeing-hub
Tech: *React, TypeScript, TanStack Start, Supabase (PostgreSQL), Google Gemini, Netlify*

- Built the website for the Educator Support and Wellness Alliance (ESWA), a non-profit supporting teachers.
- Implemented workshop registration with live seat counts (PostgreSQL trigger) and a staff dashboard with Excel export.
- Integrated a server-side Gemini chat assistant with topic guardrails, crisis helpline responses and rate limiting.

CS50 Web Programming Projects (HarvardX) | Python, Django, JavaScript

- Built course projects including an e-commerce auction app with authentication, bidding and watchlists (on GitHub).

Achievements & Involvement

- **First Place, Tech Xplore 2026** – winning team; also Volunteer Developer, Tech Xplore Student Programme.
- Participant, UJ TTO Incubation Programme & Technopreneurship Centre; Member, UJ Blockchain Learning Community; Volunteer, UJ Community Engagement.

Certifications

Enterprise Design Thinking Practitioner – IBM, 2026 | **Cybersecurity with AI** – Cyber Security Network (CSN), 2026 | **Foundational C# with Microsoft** – freeCodeCamp, 2025 | **AWS Cloud Bootcamp** – Cyber Security Network (CSN), 2025 | **FNB App Academy** – IT Varsity, 2025 | **Python Bootcamp** – Johannesburg Business School (UJ), 2024 | **CS50's Web Programming with Python and JavaScript** – HarvardX, in progress
